

Wash Brush 70cm Handle

Purpose designed vehicle cleaning brush, with strong, lightweight twin grip aluminium handle and super soft angled brush head. The narrow, 250mm wide brush head easily fits a standard bucket and the soft, long bristles are designed to be gentle on paintwork. Strong, lightweight aluminium handle with 70cm reach, ideal for cleaning car roofs as well as reducing the need to bend down when using a water bucket. A much faster, easier option for car cleaning than a traditional sponge.

Additional Information

- Purpose designed wash brush with angled head for car or domestic use.
- Brush head size: 250 x 150mm, loaded with super soft, non marking bristles for effective cleaning without damaging surfaces.
- Light, strong aluminium handle with twin grip for ease of use.
- 700mm long handle for greater flexibility & easier to reach either the water bucket or car roof.
- Extendable, flow thru brushes also available, see Laser Part Nos 3874 (1.0 - 1.7m), 5408 (1.8 - 3.2m). Replacement brush head available, see Laser Part No. 3875.
