LASER®

Cambelt Tool Kit - for Renault, Dacia, Nissan Petrol

The 6563 kit contains the essential camshaft, crankshaft and guide pulley tools for 1.4/1.6L DOHC Renault developed petrol engines. The K4J and K4M engine codes are found across the Renault and Dacia ranges.

Additional Information

- Because these kits only contain those deemed as essential some users may need to consider additional tooling such as generic pulley/sprocket holding tools or DTI gauges. Laser tools do have such tools listed separately.
- Essential camshaft and crankshaft and guide pulley tools for the 1.4 and 1.6L DOHC Renault developed petrol engines.
- Engine Code K4J and K4M found across the Dacia, Nissan and Renault ranges.
- This kit is suitable for use with the following replacement belt kits INA530009210, Contitech CT1179K1 and Gates K015671XS.
