

Stainless Steel Funnel Set 3pc

Set of three stainless steel funnels complete with handles and filters. Manufactured from heavy-duty stainless steel the funnels have excellent resistance to rust, stains, chemicals and corrosion and are stronger and easier to clean than plastic funnels. Spun construction body so there are no seams to trap dirt and germs, the funnels can also tolerate high temperatures so they can be sterilised with heat and because stainless steel does not absorb odours they are suitable for catering use. A very useful set of funnels ideal for a wide range of uses around the home and workshop.
