

Cordless Impact Screwdriver 20V w/o Battery

A professional workshop 'one battery powers all' cordless tool range with brushless motor technology built for daily use. The brushless motor works harder, lives longer and includes the latest overload protection technology. This impact screwdriver delivers a comfort grip, variable power control and quick chuck system for easy changeover of bit insert. Features include metal gears and a maximum torque of 200Nm, a fixed belt clip holder and an LED light to enhance workspace. Other tools in the family are an impact drill, impact wrench 1/2"D, polisher and an angle grinder all supported by a 4 amp, 10 cell lithium battery (purchased separately) allowing professional users to run one whilst charging one, giving potentially uninterrupted use. Cordless power is fast becoming the experts choice over mains or pneumatic, bringing extra safety to the workshop environment.

Additional Information

- 1/4" hex drive quick chuck, belt clip & an innovative LED light control circuit keeps the workspace lit for several seconds after releasing the trigger.
- Variable speed control, with forward/reverse function.
- No load speed: 2800rpm; max torque: 200Nm. Intelligent setting to automatically adjust to suit required torque.
- CE, UKCA & RoHS approved, 4.0 AH 20V battery part number 8007. Battery chargers available - please see Laser Part No. 8008 (BS, UK plug) & 8009 (Euro plug).
- To store the tools for mobile use order part number 7846 18" wide opening tool bag with hard durable base.
