

LTR Bottom Bracket Installation Tool

Allows for the quick and easy installation of press fit bottom brackets without risking damage to the frame. The stepped plates clamp either side of the axle allowing the force screw to be turned, pressing the bearing cups into the bottom bracket shell. Covers a range of different bottom brackets.

Additional Information

- For the correct fitment of press-fit bottom brackets.
- Fits: BB30, BB86, BB386 and PressFit GXP®.
- Stepped plate to fit sealed bearings with inner diameters of 24mm and 30mm.
- Comfort grip for ease of use.
- Manufactured from chrome molybdenum.
